

IMPORTANT WARRANTY INFORMATION

AMS warrants to the consumer that this product will be free from defects in materials and workmanship for a period of twenty-four (24) months from the date of the original purchase. This warranty is limited to the replacement of the part. In no event shall the manufacturer be responsible for special, incidental or consequential damages or costs incurred due to failure of this product. Warranty claims to the manufacturer must be transportation prepaid and accompanied with dated proof of purchase. This warranty applies only to the original purchaser of product and is non-transferable. All implied warranties shall be limited in duration to the said 24 month warranty period.

Products that fail within this 24 month warranty period will be replaced when determined by the manufacturer that the product failed because of defects in material or workmanship. Warranty explicitly excludes the cost of labor for product installation and removal, diagnostics, or troubleshooting.

No warranty, express or implied, shall extend to any product which has been subjected to misuse, neglect, accident, or improper storage or installation or which has been repaired, modified, altered, tampered with, misused, improperly installed, or used in an improper application. The manufacturer disclaims any liability for consequential damages due to breach of any written or implied warranty on all products made by the manufacturer.

The twenty-four (24) month warranty covers manufacturing defects, but damage caused by foreign object debris, from other fuel line components or installation contamination, will not be covered under this limited warranty.

Warranty shall not apply to product damages incurred by shipping. Such damages should be resolved with the carrier.

AMS / Alpha warranty return form is required to be filled out and included with the returned part. Additional information will be required in order to test the failed component and process the claim. Please see below.

- Diagnostic information, testing data, codes, freeze data.
- Tune file
- Data logs of the event
- Full mod list including part specifics
- Persons / company that tuned the vehicle

In the case that the product requires inspection performance testing and no fault is found, AMS, at its sole discretion, may apply a Test Service Charge of \$100.00 USD excluding shipping. Payment is required prior to the return of the suspected product to customer. Shipping is the sole responsibility of the customer.
